Plan Provisions	17
Actuarial Assumptions	20
Other Measurements	22
Minimum Contribution	23

At the request of the plan sponsor, this report summarizes the Village of Morton Police Pension Fund as of May 1, 2016. The purpose of this report is to communicate the following results of the valuation:

- Funded Status;
- Recommended Village Contribution;

This report has been prepared in accordance with the applicable Federal and State laws. Consequently, it may not be appropriate for other purposes. Please contact Nyhart prior to disclosing this report to any other party or relying on its content for any purpose other than that explained above. Failure to do so may result in misrepresentation or misinterpretation of this report.

The results in this report were prepared using information provided to us by other parties. The census information has been provided to us by the employer. Asset information has been provided to us by the administrator. We have reviewed the provided data for reasonableness when compared to prior information provided, but have not audited the data. Where relevant data may be missing, we have made assumptions we believe to be reasonable. We are not aware of any significant issues with and have relied on the data provided. Any errors in the data provided may result in a different result than those provided in this report. A summary of the data used in the valuation is included in this report.

The actuarial assumptions and methods were chosen by the employer. In our opinion, all actuarial assumptions and methods are individually reasonable and in combination represent our best estimate of anticipated experience of the plan. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following:

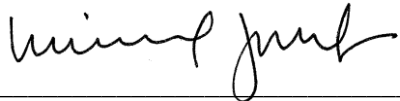

- plan experience differing from that anticipated by the economic or demographic assumptions;
- changes in economic or demographic assumptions;
- increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period);
and
- changes in plan provisions or applicable law.

We did not perform an analysis of the potential range of future measurements due to the limited scope of our engagement. This report has been prepared in accordance with generally accepted actuarial principles and practice.

Neither Nyhart nor any of its employees have any relationship with the plan or its sponsor which could impair or appear to impair the objectivity of this report. To the extent that this report or any attachment concerns tax matters, it is not intended to be used and cannot be used by a taxpayer for the purpose of avoiding penalties that may be imposed by law.

The undersigned are compliant with the continuing education requirements of the Qualification Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States and are available for any questions.

Date

Summary Results

The actuarial valuation's primary purpose is to produce a scorecard measure displaying the funding progress of the plan toward the ultimate goal of paying benefits at retirement. The accrued liability is based on the entry age normal level percentage of pay actuarial cost method.

	May 1, 2015	May 1, 2016
Funded Status Measures		
Accrued Liability	\$17,641,517	\$17,978,503
Actuarial Value of Assets	11,001,017	11,546,762
Unfunded Accrued Liability	\$6,640,500	\$6,431,741
Funded Percentage (AVA)	62.3%	64.2%
Funded percentage (MVA)	61.0%	60.4%
Cost Measures		
Recommended Total Pension Contribution	\$807,683	\$803,244
Expected Employee Contributions	(162,954)	(165,065)
Recommended Net Village Contribution	\$644,729	\$638,179
- as a Percentage of Payroll	40.3%	39.4%
Asset Performance		
Market Value of Assets (MVA)	\$10,754,179	\$10,863,741
Actuarial Value of Assets (AVA)	\$11,001,017	\$11,546,762
Actuarial Value/Market Value	102.3%	106.3%
Participant Information		
Active Participants	23	23
Terminated Vested Participants	1	1
Retirees, Beneficiaries, and Disabled Participants	9	10
Total	33	34
Payroll	\$1,600,327	\$1,621,056

Changes since Prior Valuation and Key Notes

There have been no changes to the plan provisions since the last valuation.

The retirement, withdrawal, and disability assumptions were changed to the assumptions recommended in the Illinois Department of Insurance experience study published in 2012. The change resulted in a decrease in benefit obligations and a decrease in the recommended contribution.

The salary growth assumption was changed from 5.0% per year to 4.0% per year. The change resulted in a decrease in benefit obligations and a decrease in the recommended contribution.

Present Value of Future Benefits

The Present Value of Future Benefits represents the future benefits payable to the existing participants.

May 1, 2016

Present Value of Future Benefits

Active participants	
Retirement	\$13,635,900
Disability	1,175,571
Death	293,649
Termination	822,873
Total active	\$15,927,993
Inactive participants	
Retired participants	\$7,570,928
Beneficiaries	303,805
Disabled participants	0
Terminated vested participants	19,364
Total inactive	\$7,894,097
Total	\$17,978,503
Present value of future payrolls	\$23,822,090
Present value of future employee contributions	\$1,684,380

Accrued Liability

The Funding Liability measures the present value of benefits earned as of the valuation date, using a specified set of actuarial assumptions.

	May 1, 2016
Funding Liabilities	
Active participants	
Retirement	\$8,576,605
Disability	740,683
Death	179,637
Termination	587,481
Total Active	<u>\$10,084,406</u>
Inactive participants	
Retired participants	\$7,570,928

Disabled participants	0
Terminated vested participants	19,364
Total Inactive	<u>\$7,894,097</u>
Total	\$17,978,503
Normal Cost	\$550,740

Asset Information

The amount of assets backing the pension promise is the most significant driver of volatility and future costs within a pension plan. The investment performance of the assets directly offsets the ultimate cost.

	May 1, 2016
Market Value Reconciliation	
Market value of assets, beginning of prior year	\$10,754,179
Contributions	
Employer contributions	\$644,110

Eligibility for Participation

Police Officers of the Village of Morton

Accrual of Benefits

For employees hired prior to January 1, 2011, the normal retirement benefit is equal to 50% of the final salary plus 2.5% of any service over 20 years (with a maximum of 30) times the final salary. There is a minimum benefit of \$1,000 per month. The benefit is paid as a 100% joint and survivor benefit with the spouse, children under 18, or dependent parents of the participants as the survivor.

For employees hired after or on January 1, 2011, the normal retirement benefit is equal to 2.5% of the final average salary times benefit service (maximum 30 years.) The benefit is paid as a 66.67% joint and survivor benefit with the spouse, children under 18, or dependent parents of the participants as the survivor.

Benefits

Normal Retirement

Eligibility	For employees hired prior to January 1, 2011, the normal retirement date is the first day of the month on or after completion of 20 years of service and attainment of age 50. For employees hired after or on January 1, 2011, the normal retirement date is the first day of the month on or after completion of 10 years of service and attainment of age 55.
Benefit	Unreduced Accrued Benefit payable immediately.

Early Retirement

Eligibility	For employees hired prior to January 1, 2011 and terminating with less than 20 years of service For employees hired after or on January 1, 2011 who has attained age 50 and has 10 years of service.
Benefit	For those hired prior to January 1, 2011 the Accrued Benefit of 2.5% of final salary times service shall be paid at age 60. For those hired after or on January 1, 2011 the Accrued Benefit is reduced by 0.5% for each month prior to age 55

Termination

Eligibility	Participants terminating before 20 years of service.
Benefit	Refund of Contributions

Disability In The Line of Duty

Eligibility	For participants who become disabled in the line of duty.
Benefit	The greater of 65% of the final salary or the accrued benefit

Disability Not In The Line of Duty

Eligibility	For participants who become disabled outside of the line of duty.
Benefit	50% of the final salary

Death In the Line of Duty

Eligibility	For participants who die in the line of duty.
Benefit	The benefit is 100% of final salary paid to the survivor.

Death Not In the Line of Duty

Eligibility	For participants who die outside of the line of duty.
Benefit	For those hired before 1/1/2011 with greater than 20 years of service, a benefit of 100% of the accrued benefit is paid to the survivor. For those with more than 10 years of service, but less than 20 years of service, a benefit of 50% of the final salary is paid to the survivor. For those hired after 1/1/2011 a benefit of 100% of the accrued benefit is paid to the survivor.

Compensation

Final Salary is the salary attached to the rank held on the last day of service, or one year prior to the last day, whichever is greater.

Final Average Salary is the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Salary will not exceed \$106,800 adjusted from January 1, 2011 with the lesser of 3% and 50% of the CPI on November 1.

Credited Service

For Vesting and Benefit Accrual purposes, pension service credit is based on elapsed time from hire.

Employee Contributions

9.91% of Compensation

COLA

Eligibility

All Participants

Benefit

For employees hired prior to January 1, 2011 a compound COLA of 3% is granted each year after attainment of age 55 and 1 year of payments.

For employees hired after or on January 1, 2011 a simple COLA of the lesser of 3% and 50% of the CPI on November 1 is granted each year after attainment of age 60 and 1 year of payments.

For disabled employees, a simple COLA is available after attainment of age 60 and 1 year of payments. For employees hired prior to January 1, 2011 the COLA is 3%. For employees hired after January 1, 2011, the COLA is the lesser of 3% and 50% of the CPI on November 1.

Plan Provisions Not Included

We are not aware of any plan provisions not included in the valuation

Adjustments Made for Subsequent Events

We are not aware of any event following the measurement date and prior to the date of this report that would materially impact the results of this report.

Except where otherwise indicated, the following assumptions were selected by the plan sponsor with the concurrence of the actuary. Prescribed assumptions are based on the requirements of the relevant law, the Internal Revenue Code, and applicable regulations. The actuary was not able to evaluate the prescribed assumptions for reasonableness for the purpose of the measurement.

Valuation Date	May 1, 2016												
Participant and Asset Information Collected as of	May 1, 2016												
Actuarial Cost Method (CO)	Projected Unit Credit Method												
Amortization Method (CO)	Closed level percentage of payroll amortization of 90% of the Unfunded Actuarial Accrued Liability using a 3.50% payroll growth assumption over the period ending on April 30, 2041 (25-year amortization in 2016)												
Asset Method	5 year smoothing of asset gains and losses												
Interest Rates (CO)	5.50%, net of investment and administrative expenses												
Inflation (FE)	2.50%												
Annual Pay Increases (FE)	4.00%												
Ad-hoc Cost-of-living Increases	3.0% (1.25% for those hired after 1/1/2011)												
Mortality Rates (FE)													
Healthy	RP-2000 Mortality Table with blue collar adjustment, projected to 2025 using Scale AA												
Disabled	RP-2000 Disabled Mortality Table, projected to 2025 using Scale AA												
	5% of deaths are assumed to be service related												
Retirement Rates (FE)	Recommended rates from the DOI experience study:												
	<table> <thead> <tr> <th><u>Age</u></th> <th><u>Rate</u></th> </tr> </thead> <tbody> <tr> <td>50-54</td> <td>20%</td> </tr> <tr> <td>55-59</td> <td>25%</td> </tr> <tr> <td>60-62</td> <td>33%</td> </tr> <tr> <td>63-69</td> <td>50%</td> </tr> <tr> <td>70</td> <td>100%</td> </tr> </tbody> </table>	<u>Age</u>	<u>Rate</u>	50-54	20%	55-59	25%	60-62	33%	63-69	50%	70	100%

50-54	20%												
55-59	25%												
60-62	33%												
63-69	50%												
70	100%												

Disability Rates (FE)

Recommended rates from the DOI experience study. Sample rates include:

<u>Age</u>	<u>Rate</u>
20	0.05%
30	0.22%
40	0.40%
50	0.95%

75% of disabilities are assumed to be in the line of duty

Termination Rates (FE)

Recommended rates from the DOI experience study. Sample rates include:

<u>Age</u>	<u>Rate</u>
20	10.00%
30	5.00%
40	2.00%
50	3.50%

Marital Status and Ages (FE)

80% of participants are assumed to be married with female spouses 3 years younger.

Expense Load

None. The assumed investment return is net of expenses.

Funding Policy (Recommended Contribution)

Equal to the normal cost plus and amortization of the unfunded liability to fund the plan to 90% as a level percentage of payroll by the end of the 2040 fiscal year using the Projected Unit Credit cost method.

FE indicates an assumption representing an estimate of future experience

MD indicates an assumption representing observations of estimates inherent in market data

CO indicates as assumption representing a combination of an estimate of future experience and observations of market data

The actuarial report also shows the necessary items required for plan reporting and the any state requirements.

- ✓ Minimum contribution (Public Act 096-1495 Tax Levy Requirement)
